

DESIGN CONSTRUCTIONS

MANAGE • BUILD • MAINTAIN

Company Profile

Design Constructions is a full-service maintenance and construction company catering to all manner of building and property types. Our team undertakes projects from minor maintenance and repairs through to major renovations and office fit-outs.

We work closely with property owners and managers to formulate cost-effective solutions to issues that may arise. We also provide a 24-hour emergency maintenance and repairs service.

Our experienced team has a detailed knowledge of the property management and construction industries. In achieving a successful outcome, we maintain clear and open communication channels, providing a high level of care. We understand that property owners face an array of challenges, and pride ourselves on developing programmes that proactively alleviate these stressors.

Design Constructions considers trust to be an essential element of our service. Quotes are written in plain English to ensure ease of understanding and are accompanied by photographs to provide a comprehensive scope of activities.

Why Design Constructions?

Design Constructions' success is the direct result of close adherence to our core values. These values underpin our daily operations and have been central to our growth. Our Clients consistently comment that we are:

Transparent - We understand that trust is the foundation of any strong working relationship. Design Constructions emphasises clear and open lines of communication with Clients to ensure that stakeholders are always informed.

Accessible - Design Constructions prides itself on being available to address any concerns that clients may have.

Detail Oriented - Regardless of the size or scope, the Design Constructions team applies the highest standard of care at all times. We understand that the small details such as quality of finish and attention to detail is what separates a good outcome from a great one.

Reliable - Design Constructions is reliable. We understand the array of pressures that property owners and managers face, and are diligent about completing projects on time, and within the assigned scope and budget.

Services

Design Constructions offers a range of property maintenance, renovation, construction, asset and facilities management services. We also have a passion for identifying the root cause of uncommon faults and developing strategies to address them. Our team is available to provide prompt and effective solutions to most problems.
